Sorry, is it too late to add:

Richardson, Dave (Tetra Tech)

That would make it basically the same crowd as we had last time, with the addition of Terri Blackmar (she is one of our principal engineers and was lead on the RDWP).

Thanks for some time to get this worked out. We expect the following 5 attendees:

Blackmar, Terri (Tetra Tech)

Braun, Gary (Tetra Tech)

Feeney, Richard (Tetra Tech)

McGee, Steve (Tetra Tech)

Somoano, Juan (Glenn Springs Holdings, Inc.)

Looks like I may need to provide a list of attendees (non-EPA) for the 1/26 meeting with our experts on performance standards. Would you let me know who may be coming from your end? It is better to err on the side of including people who may not attend. I just need name and organization [e.g., Somoano, Juan (Glenn Springs Holdings)].

This is not urgent.
